

Home Learning 1-3FI

Bonjour 1FI, 2FI and 3FI Panther Students and Families!

Week 3

In the following document you will find helpful websites with fun and engaging activities for students.

As per the expectations set out by the Government of New Brunswick students are encouraged to engage in 1 hour of school work per day (5 hours per week) and are also encouraged to complete a minimum of 30 minutes of reading and 30 minutes of physical activity every day.

As we know that this will take some time to adjust to. Students and families may have many questions of how to proceed. We would like to draw your attention to the following Government of New Brunswick website.

https://www2.gnb.ca/content/gnb/en/departments/education/learning_at_home.htm

! This site will provide you with many tips to help you with your at home learning.

If you have any questions, please don't hesitate to reach out to your homeroom or your subject teacher.

Know that we miss you and hope that you are all doing well!
